HOLD RALLY DAY

INCREASED FOOD PRODUCTION, TOPIC AT TOMORROW'S MEETING

TO BE AT COURT HOUSE

Representative From College of Agriculture Will Discuss Food Campaign With Towaship Committees.

Tomorrow will be known as Rally day in the war campaign for increased food production in Nodaway county. A meeting will be held in the circuit court room at 1 o'clock and a representative from the College of Agriculture of the University of Missouri will be on hand to tell patriotic farmers and citizens how they can be of service to the government in the war campaign.

The meeting will be in charge of the central food committee of Nodaway county which consists of Supt. Bert Cooper Prof. C. H. Belting and E. M. Claypool, secretary of the Commercial club who will be on hand to give talks and discuss plans for the county campaign. They have already sent invitations to the chairmen of the sixteen township committees recently appointed to assist in the food campaign in their districts. It is expected that these chairmen with their assistants will be on hand to hear the agricultural representative.

The chairmen of these committees are:

Hughes—Will B. Gex, Graham.
Monroe—J. F. Kellogg, Skidmore.
Lincoln—Fred Bain, Elmo.
Nodaway—Ed Caldwell, Burlington Junction.
Atchison—Ralph McClintock, Clearmont.
Hopkins—Dr. Ed Miller, Hopkins.
Union—Charles Stafford, Pickering.
Polk—W. H. Burr, Maryville.
White Cloud—Harry Wamsley, Arkoe.
Grant—John Fields, Barnard.
Washington—Carl Wray, Guilford.
Jefferson—James Enis, Clyde.
Jackson—Charles Tebow, Ravenwood.
Green—J. S. Carden, Quitman.

Besides the township committees and their assistants, each school district has been invited to send a representative, and business men and others interested in the food conservation idea are urged to come and hear the best methods of being of service to our country in civilian life.

EXPECT TROUBLE MAY DAY

Governments Throughout Europe are Preparing for Expected Violence at Celebrations Tomorrow.

Special to The Democrat-Forum.

London, April 30.—Military preparations to cope with expected violence during May day demonstrations were completed today by various governments throughout Europe. It is expected that in some quarters the May day demonstrations may take on unprecedented political importance. The situation is extremely serious in Sweden, Germany and Austria-Hungary.

2 CHANGES BY COUNCIL

Members of City Administration Will Probably Vote to do Away With Office of Night Policeman.

Two changes in the appointments of city officials will probably be made by the council Friday night. The "dope" seems to be there will be a change in night policeman and city attorney. Mayor Robey and members of the council will hold a meeting some time before Friday night when the applicants will be considered and selections made.

There is some talk among the members of the council of doing away with the night policeman and letting the merchants' watchman do the work. There is practically no need of hiring a night man for police work, city authorities say, since the saloons have been voted out. Then it would mean a saving for the city.

Some of the members of the council favor combining the office of chief of police and street commissioner. The chief of police has no work to do, as the average arrests do not exceed four a month

By combining these two offices and also doing away with the night policeman, the city would save $1,000 a year.

Charles F. McCaffrey is mentioned as an applicant for city attorney.

E. J. Howland for city clerk, Dr. Karl Malotte for city physician, Burt Rowley for chief of fire department, Joseph Reese for engineer, M. I. Woods for street commissioner and the members of the fire department will be re-appointed.

Mayor Robey will also announce his committees.

WINS SECOND GOLD MEDAL

Lawrence Keeler, Successful Contestant in Miller Oratorical Contest at St. Mary's, Kan.

Lawrence Keeler, a senior at St. Mary's College, St. Mary's, Kan., was the winner of the gold medal in the Miller oratorical contest which was held at the college last Wednesday. His subject was, "The Triumph of Democracy," and he was awarded the medal by the unanimous vote of the judges. Six other contestants tried for the medal. The announcement of Mr. Keeler's success was made by Attorney General Brewster of Kansas.

Mrs. M. J. Keeler, who returned from St. Mary's Saturday spent the week with her son and heard the speakers in the contest.

This is the second gold medal that Mr. Keeler has won this year at the college. He was the winner of first place in the Harbaugh debate which is considered the most important literary event at the college. He will be graduated in June with a degree of A. B.

LEAVES FOR COLORADO

Russell E. Woodward, President of Spring H. S. Graduating Class, to Work on Parents' Farm.

Russell E. Woodward will leave this evening to join his parents, who moved to their new home in Colorado early this spring.

Woodward is president of the present graduating class and is a member of the High school track team. He has been a prominent figure in High school athletics for the past two years. During that time he has been a member of every athletic team representing the High school.

Woodward was also a contestant in the oratorical contest preliminaries this spring. He will receive his diploma under the ruling made by the school board that a boy may work on a farm and receive his credits the same as if he were at school. The High school students all like him and are sorry to see him leaving before commencement.

MR. CRAIG BURIED

LARGE CROWD OF FRIENDS AND RELATIVES ATTEND LAST RITES

REV. MR. WILES' SERMON

Eulogizes Dead Man As True Christian, Whose Rule of Life Was God's Word.

A large crowd of the relatives and friends of former Senator Anderson Craig went to the First Baptist church at 2 o'clock yesterday afternoon to pay their last tribute to the man who had been such a prominent figure in Nodaway county and Missouri life for so many years. Exquisite flowers, the offerings of friends from far and near, half concealed the casket as it stood in the church during the services.

A quartet consisting of Mrs. F. P. Robinson, Mrs. Bruce Montgomery, Prof. P. O. Landon, and Dr. E. L. Harrington, with Miss Alice Porter as accompanist, sang several beautiful selections, and then the Rev. T. H. Wiles spoke a few consoling words on the life of Senator Craig.

Mr. Wiles took as his text: "To Live is Christ; to Die is Gain," words spoken by St. Paul. He showed how Mr. Craig had lived a Christian life and how he had subordinated all things to his aim of serving Jesus Christ.

"Every Christian man must have three things," said Mr. Wiles, 'an aim, a principle and a rule.' Senator Craig had all three of these. His aim was living for Christ; his principle was attaining the grace of God, and his rule was the word of God. He put the word of God above civil law, and carried this principle into all of his daily dealings with men."

The St. Joseph newspapers contained editorials in their Saturday issues commenting on the death of Senator Craig. They were as follows:

The death of Senator Anderson Craig at Maryville Thursday night removed a prominent figure in Northwest Missouri affairs. Senator Craig's activities in Nodaway county and his service in the State Legislature were alike important.—St. Joseph Gazette.

ANDERSON CRAIG.

The death of Anderson Craig removes a notable figure from public life in Northwest Missouri. He was one of those men to whom the people, irrespective of party, looked for leadership, and he never betrayed the confidence reposed in him. As a legislator, and as a member of boards charged with the control of state institutions, his career was marked by earnestness, fearlessness and an unfailing loyalty—but unlike many men in public office, he felt that his highest loyalty was to the state. He believed he could best serve his party by serving his state well.

He acted from no motives but the best, and his course never wavered. He was a character to remember with affection, and to mourn with deepest sorrow. His friends and those others who may profit by the inspiration of his career will be among the beneficiaries of Anderson Craig.—St. Joseph News-Press.

BUSINESS GIRLS' MEETING

Every Man, Woman, and Child in Maryville Invited to Visit Club at High School Tonight.

Every man, woman, and child in Maryville will be welcome at the open meeting of the Business Girls which will be held at 7:30 o'clock this evening at the High School auditorium. The club has now been in existence about seven months and during that time a splendid growth and improvement has been shown. It is the desire of the business girls that all Maryville residents interested in the movement come to the meeting and become acquainted with the members of the organization and see their work.

A demonstration of the gymnasium work of the club will be given and then a musical program will be carried out.

Mrs. L. E. White will give a talk on the aims and purposes of the Business Girls' club. The patronesses will serve light refreshments.

URGE CANNING CLUB

MISS HETTIE ANTHONY ASKS AID OF COMMERCIAL CLUB.

WANTS CENTRAL STATION

Would Enable Housewives to Preserve Excess Garden Crops In A Sanitary Way

A Canning club is the latest "wrinkle" in the campaign for food conservation which is being carried on with so much energy and success in Maryville and Nodaway county. Miss Hettie Anthony and Miss Mae Orear attended the weekly luncheon of the Commercial club today for the purpose of putting the proposition of a Canning club for Maryville before the members of the Commercial Club.

The idea as presented by Miss Anthony is to enable housewives of Maryville to conserve their excess garden products for use during the winter season by the establishment of a central canning station where these foods may be preserved in a sanitary and hygienic way.

Miss Anthony, whose work includes not only the charge of the home economics classes at the State Normal school but also the teaching of the surgical dressings' instructors and of a war class in dietetics, feels that she has not the time to push this movement herself, but she said that if she could get the Maryville Commercial Club and the club women of the city to co-operate, she would be glad to help the movement with her experience and instruction

The canning feature of the food conservation campaign is being carried on with great success in some communities In Gentry county, many of the women have pledged themselves to grow and put up a certain number of cans of vegetables so that what they might buy from the merchants may go toward the general food supply The canning clubs have also been started in farming communities among the girls and are proving to be a great factor in interesting the future housewives in cooking and the care of the home.

The members of the Commercial Club at the luncheon were heartily in favor of the plan and recommended it to a committee consisting of Harvey L. Haines, H. L. Raines and Will Phares, which will look into the matter and report at the next meeting.

The club discussed the need of increased food production in general and expressed itself in favor of cooperating with the farmers in bringing Nodaway county production far above the average.

VISITING COMMITTEE HERE

Representatives of State Conference of Educational Institutions Examine State Normal Records.

A visiting committee from the State Conference of Educational Institutions spent Saturday at the State Normal school on an annual trip of inspection of the enrollment and extension department machinery of the institution. The members of the committee are: P. P. Calloway of Jefferson City, of the State Department of Education; Dr. J. H. Coursault, of the University of Missouri, and Prof. W. H. Zeigel of the State Normal school at Kirksville.

The committee inspected the school records, checked up the entrance requirements, the amount of work taken by each student, noted those taking excess work, and also examined thoroughly the extension system. The purpose of this checking up was to see if the Normal school was living up to the requirements made by the conference at the meeting last summer.

President Richardson expects the conference, which consists of the five State Normal schools and the University of Missouri, to have its annual meeting soon. At this meeting the conference will receive the report of the visiting committee and take up other matters of importance to the educational institutions of the state.

The members of the State conference are the presidents of the five normal schools and the preseident of the University of Missouri.

U. S. TANK SHIP SUNK

Lieutenant, Captain and Some of Crew of Vacuum Are Missing—Department Awaits Word.

Special to The Democrat-Forum.

London, April 30.—A United States tank ship has been sunk by a German submarine. It was armed and nine American gunners are reported missing in addition to the lieutenant and the captain of the ship. Some of the crew are also missing. It was sent down Saturday, bu t the announcement was not given out until today.

Washington, April 30.—Up to noon neither the state nor navy departments had received any word regarding the sinking of the Vacuum.

The chief mate and seventeen men including three United States gunners were landed. All of the men reported missing are said by survivors to be in one life boat.

WRIGHT FUNERAL SERVICES

The Rev. Cox Preaches on Text "A More Excellent Way," to Large Crowd of Mourners.

Mrs. Henry E. Wright was buried yesterday afternoon in Miriam cemetery. The services at the First Methodist church were conducted by the Rev. Gilbert S. Cox and a quartet consisting of Prof. H. B. Schuler, Mrs. Fred Robinson, Miss Dale Hulet and Mr. Parks, sang several songs, "Lead Kindly Light," "Beautiful Isle of Somewhere," and "I Need Thee Every Hour."

The sermon, preached by the Rev. Gilbert S. Cox, was heard by a large crowd of relatives and friends. Taking for his text, "A More Excellent Way," Mr. Cox spoke impressively of the life of service led by Mrs. Wright and uttered many words of consolation to the bereaved relatives.

BOMBARDED MANY TOWNS

Germans Also Shell Fortresses of Dunkirk, Nancy, and Bellworth —No Casualties Reported.

Special to The Democrat-Forum.

London, April 30.—"In a local operation between Monchry and Scarpe river east of Arras, we captured a few prisoners but improved our positions," declared the war office today regarding the new positions captured by the British Sunday. Attacks over a mile wide front were consolidated and lined up with old trench during night but the soldiers were compelled to work under a hail of shells from German guns.

French Fortress Bombarded.

Paris, April 30.—The French fortresses Dunkirk, Nancy and Belworth were bombarded by the Germans last night. There were no casualties and the damage was little. The towns of Chalons and Spornay were also bombarded but there were no casualties among the civilians. A German captive balloon was shot down Saturday night by the French. A violent big gun battle was fought north of Aisne river last night. The attempt by the Germans to attack was prevented by the French fire.

The Fern Theatre will close tonight and the extensive repairs on the exterior and interior of the building will be begun preparatory to the grand opening, May 7 .

The theatre was sold recently to George Yantis by Jim Braniger. Mr. Yantis has arranged for the re-decoration of the interior of the building by the capable artist, Mr. Syberkrop and will also see that the ventilation facilities are all that can be desired.

The theatre will open May 7 with a new and high class line of pictures and the patronage of the public will be welcomed.

PREFER SENATE CONSCRIPTION.

More Closely Meets Demands of Administration Than House Bill.

Washington, April 30.—The selective conscription bill passed by the senate much more closely meets the demand of the administration than the house bill, it was learned today following the visit by Secretary of War Baker to the White House. What steps will be taken to secure its adoption were not disclosed.

DRAW ARMY BY LOT

JURY WHEEL WILL BE USED IN SELECTING NAMES.

TRY ELECTION METHODS

Government Will Force the Registration of All Men Eligible for Service.

Since the selective draft bill has been passed, the question on the lips of everyone is: How shall the war department begin its gigantic task of drafting the men who shall form the first increment for the new army? The Kansas City Star prints an article which gives the provisions of the new bill and also tells how training will be carried on.

To put into effect conscription, the War Department will call on all the election machinery of the various states. Messages were sent out today to the states telling them to make ready for the big task ahead. The registration is to be done before the judges and clerks of election, just as on registration days or election day, except with this big difference—everyone will have to register within the required ages. And it may be said there also will be no repeating expected.

The final terms of the draft bill will be worked out in conference, but they provide for enlistments as follows.

1. The House bill says everyone between 21 and 40 must register on the day the President sets by proclamation. The Senate bill says between 21 and 27. Whichever way the bill is finally agreed to it is probable that only the first five years will be called to register at once by the President, so as not to encumber the registration rolls at the outset, although in that event everyone in the specified years must register eventually on the days set Whether a person may think himself exempt or not he must register for service and that will be decided later.

Divide ½ Million Among States.

2. After the registration days ½ million names will be called for the first quota. That number will be divided among the states and districts to be specified by the President according to the population, with allowance made for the number of young men that already have enlisted in the regular army, the national guard or navy.

3. The names will be drawn from the jury wheel by lots. There will be Class 1, Class 2, etc., by lot, the exact method to be worked out yet by the War Department. Everybody will have to take his chance in the drawing. After the drawing, then those whose names are drawn will have to be examined first for physical qualifications. Next the exemption lists will be applied. Then additional names will be drawn to make up the full quota required from that community, after the exemptions.

4. The exemptions are specified in the most general terms in the bill, but specific regulations will be made by the President which the local tribunals will have to follow, so that there will be no chance for favoritism. Substitution or buying off is prohibited. The general exemptions are:

Those not morally or physically fit; those members of a recognized religious sect or creed which forbids its members participating in war; ministers of the gospel; mail carriers; employees in navy yards, arsenals, or munition factories of the government, and persons in industries (the War Department will pass upon this), the operation of which are necessary to the military establishment such as

munition factories, etc. This also extends to persons the department finds necessary to agriculture as well.

Exemption Only for Service.

The regulations will be worked out in detail and announcement by the War Department. Persons exempted will be given a service button and papers to show they are a part of the industrial or agricultural service, but the exemption lasts only while they actually are needed. They might be called in for another drawing, if their necessity in industry or agriculture no longer existed. Persons where it is clearly shown will leave actual dependents behind also will be exempt under the rules to be laid down.

That is the way the new army of a half million will be raised and successive ½ million armies as they are needed and can be trained.

Will Fill Up Regular Army.

The War Department will begin next week a campaign of intensive recruiting to fill up the regular army and the existing units of the national guard. They have been holding back waiting to see what was done on the Army bill, but every effort will be made to fill these units at once in the next few weeks, as they must be trained thoroughly and as far as possible out of the way by the time the registration is completed and the drafted army of ½ million men summoned to the colors. It will take, with all the enlistments that have been made already, close to ½ million men to do this. The army needs these volunteers at once so that the units, filled to the war strength ,can be trained as finished regiments. At the present rate of enlistment, it will take a year to fill these units, but by intensifying the demand for recruits it is hoped the units will fill up rapidly.

IMPORTANCE OF THE NERVOUS SYSTEM.

The nervous system of the human body is a most delicate machine. It can stand only a certain amount of strain. When too big a load is put upon it, it must as surely fail as an engine will fail to do double its capacity.

Many people today are overworked. Many of those who do not overwork go to the other extreme and overplay. The result in either case is nervous breakdown. Can anything be done to remedy such a condition? Consult Dr. Prettyman, who has for more than twenty years made a specialty of the study of these conditions.

You can consult him free of charge at the Linville Hotel, Wednesday, May 2.

OPENS BABY DEPARTMENT

Every Child Less Than 4 Years Old Will Receive Souvenir At Alderman-Yehle's This Week.

Alderman-Yehle Dry Goods company has entered thoroughly into the spirit of Baby Week, which begins tomorrow and has arranged a unique and attractive display of baby things for the tiny ones of Maryville. In fact, after Baby Week, the baby feature will become permanent in the store and a whole department will be devoted to baby's wants. Miss Mamie Johnson will have charge of the department.

A section in the west aisle of the store has been fitted up with show cases and shelves, all loaded with the things that will delight both mother and baby. Not only are the articles designed according to the latest work ot experienced hygienists, but they are especially suited to the characteristics of the tiny tots.

For baby's pleasure, there are myriads of toys, all hygenic and practical. The rattles and balls of other days are there and in addition are shown the new floating toys, which delight the heart of the child.

For the little ones' comfort are displayed all sorts of toilet accessories, including combs and brushes, single or in sets. Then there are bibs, dresses, rompers, carriage robes and numerous other necessities, well-made and moderately priced.

During Baby Week, all little folk less than 4 years old, who come to the store will receive a beautiful souvenir of their visit. These souvenirs are done up in dainty boxes and will cause shrieks of delight from the babies. As to what are in the boxes —well, take the baby down to the store some day this week and get one of these attractive souvenirs.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Attended Library Meeting.

Miss Grace Langan of Maryville, was in St. Joseph Saturday, attending the meeting of the Northwest Missouri Librarians, which was held at the Central Library building. Miss Elizabeth Wales, of Jefferson City, had charge of the meeting.

Obituary.

Frank Grimit was born September 2, 1887, age 29 years, 7 months and 26 days, after fighting an attack of the loathsome disease of tuberculosis, died last week. The end came at 3 o'clock Saturday morning. He united with the Christian church at Gaynor City in 1911. Just before he died he expressed himself and told the immediate family that he was ready and prepared to go. His father and mother, Mr. and Mrs. Floyd Grimit and four sisters have preceded him to the Great Beyond. He is survived by five brothers, Jess of St. Joseph, John of Pickering, Chester of Parnell, Alec and Bert of Hopkins.

The obsequies were held at the Dunkard church, two and one half miles west of Sheridan at 2 o'clock Sunday afternoon. The Rev. E. H. Hutchison of Pickering had charge of the services. The remains were laid to rest in a cemetery adjoining the church.

Peace comes after suffering,
Love is the reward of pain,
Though after earth comes heaven,
And our loss is gain.

CHINA TO ENTER WAR

Will Declare Hostilities Open in Fortnight at Least — Friendly to United States.

Special to The Democrat-Forum.

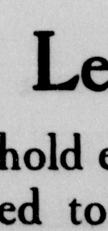
Peking, April 30.—A declaration of war against Germany by China is expected within a fortnight.

The special commission for international affairs designated by the government has advised that China enter the war. The question will go before parliament shortly.

The American minister, Dr. Paul Reinsch, held a reception at the legation today to twenty provisional military governors composing the military conference which recommended recently that China declare war. The governors were received with full military honors by the legation guard and were welcomed by Dr. Reinsch and prominent members of the American colony. The minister made an address congratulating the governors on evidences of co-operation in all parts of China and assured them that they had the best wishes of the United States.

Gen. Hsu-Shu-Chang responded for the governors, saying they realized the United States was China's best friend.

Miss Verna Aley is visiting with her parents, Mr. and Mrs. C. A. Aley of Pickering.



THE ONWARD MARCH of Bronchitis and deep seated Coughs is arrested by Doctor Pierce's Golden Medical Discovery.

In those scrofulous conditions of the blood which invite Consumption; in severe, lingering Coughs, and Weak Lungs, which threaten you with this fatal disease, and when other help has failed—this medicine is a *proved* remedy.

As a blood-cleanser, strength-restorer, and tonic it is sure to benefit. In all lingering Bronchial and Throat affections, and in every disease that can be reached through the blood, it never fails to benefit or cure. In tablet or liquid form.

The machinery of the body needs to be well oiled, kept in good condition just as the automobile, steam engine or bicycle. Why should the human neglect his own machinery more than that of his horse or his engine? Yet most people do neglect themselves. Clean the system at least once a week with Dr. Pierce's Pleasant Pellets.

What Is Uric Acid?

Everyone has uric acid in the system, but naturally in small quantities. Excessive amount is caused by eating too much meat and foods that ferment in stomach. The kidneys, being the filters of the blood, are supposed to separate and throw the poisons out of the system. Weak, tired and overworked kidneys fail to do this, hence the uric acid accumulates and the urate salts are carried by the blood to the solid tissue structure, causing backache, lumbago, rheumatism, dropsy, drowsiness, and tired feeling.

To overcome the trouble is only a matter of toning up the kidneys, and this is best done by a treatment with Anuric, three times a day. Anuric is a recent discovery of Dr. Pierce of Buffalo, N. Y., and can be obtained at any drug store.

Experience taught Doctor Pierce that Anuric is a more powerful agent than lithia in dissolving uric acid, and it is then carried out of the system.

SICK WOMAN HAD CRYING SPELLS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Enhaut, Pa.—"I was all run down and weak inwardly. I had female troubles and nervous feelings and my head bothered me. I would often have crying spells and feel as if I was not safe. If I heard anyone coming I would run and lock the door so they would not see me. I tried several doctors and they did not help me so I said to my mother 'I guess I will have to die as there is no help for me.' She got me one of your little books and my husband said I should try one bottle. I stopped the doctor's medicine and took Lydia E. Pinkham's Vegetable Compound. It soon made a change in me and now I am strong and do all my work."—Mrs. AUGUSTUS BAUGHMAN, Box 86, Enhaut, Pa.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

TO WILSON FOR DRY NATION.

War Time Prohibition Advocates to See the President Today.

Washington, April 30.—A determined effort to bring about national prohibition for the duration of the war will be launched here at a meeting of representatives of various political parties and of farmers' organizations including several state governors, who will seek to influence President Wilson and members of Congress.

Leaders in the movement have sent word that an interview with President Wilson on the question will be held but it was said at the White House that no engagement had been made. Wartime prohibition has been taken up by members of the Council of Defense as a possible way of conserving the grain supply of the Nation, but no conclusion has been reached.

RENEW AX MURDER CASE

Another Chapter Added to Development of Villisca Case — Grand Jury Re-convenes.

Red Oak, Ia., April 27.—New developments in the ax murder investigation at Villisca have resulted in the reconvening of the Montgomery county grand jury, and a new gathering of the clans at Red Oak in connection with the crime which has kept Montgomery county stirred up for the past five years. There are reasons for believing that an attempt may be made to indict Detective J. M. Wilkerson.

Attorney General H. M. Havner and Special Assistant Faville are in Red Oak representing the interests of the state. Special Agent O. O. Rock is also in Red Oak.

Havner, Faville and Governor Harding were in conference for two hours last Wednesday afternoon, but the subject of the conversation was kept under cover.

The announcement of the signing of the bill passed by the legislature restraining private detectives from unwarranted activities in criticising public officials and arousing dissention followed closely upon the conference of Wednesday.

The bill was opposed by Wilkerson and a delegation of Montgomery county citizens asked the governor to veto the bill. It becomes a law immediately upon publication, and under it Wilkerson might be enjoined from further activities in Montgomery county.

Judge E. B. Woodruff is also at Red Oak and will receive any report the grand jury may make.

Whether the investigation now being conducted is aimed at, or is backed by Wilkerson, is yet to be demonstrated. There was considerable talk of indictment of Wilkerson and some of the witnesses in the recent Jones slander case on charges of perjury, following the recent grand jury investigation at Red Oak, which failed to return any indictments.

On the other hand, Wilkerson is said to have claimed to have new testimony to present in connection with the Moore crime.

Wilkerson, his attorney, W. E. Mitchell of Council Bluffs, County Attorney Wenstrand of Montgomery county and others interested in the Wilkerson activities went to Clarinda Wednesday for a conference, with Judge Thomas S. Arthur. It was understood at Clarinda that Wilkerson desired the judge to be present for a reopening of the investigation before the Red Oak grand jury for next week. —Creston Daily Advertiser.

HOLD RALLY DAY

INCREASED FOOD PRODUCTION, TOPIC AT TOMORROW'S MEETING

TO BE AT COURT HOUSE

Representative From College of Agriculture Will Discuss Food Campaign With Township Committees.

Tomorrow will be known as Rally day in the war campaign for increased food production in Nodaway county. A meeting will be held in the circuit court room at 1 o'clock and a representative from the College of Agriculture of the University of Missouri will be on hand to tell patriotic farmers and citizens how they can be of service to the government in the war campaign.

The meeting will be in charge of the central food committee of Nodaway county which consists of Supt. Bert Cooper Prof. C. H. Belting and E. M. Claypool, secretary of the Commercial club who will be on hand to give talks and discuss plans for the county campaign. They have already sent invitations to the chairmen of the sixteen township committees recently appointed to assist in the food campaign in their districts. It is expected that these chairmen with their assistants will be on hand to hear the agricultural representative.

The chairmen of these committees are:

Hughes—Will B. Gex, Graham.
Monroe—J. F. Kellogg, Skidmore.
Lincoln—Fred Bain, Elmo.
Nodaway—Ed Caldwell, Burlington Junction.
Atchison—Ralph McClintock, Clearmont.
Hopkins—Dr. Ed Miller, Hopkins.
Union—Charles Stafford, Pickering.
Polk—W. H. Burr, Maryville.
White Cloud—Harry Wamsley, Arkoe.
Grant—John Fields, Barnard.
Washington—Carl Wray, Guilford.
Jefferson—James Enis, Clyde.
Jackson—Charles Tebow, Raven wood.
Green—J. S. Carden, Quitman.

Besides the township committees and their assistants, each school district has been invited to send a representative, and business men and others interested in the food conservation idea are urged to come and hear the best methods of being of service to our country in civilian life.

2 CHANGES BY COUNCIL

Members of City Administration Will Probably Vote to do Away With Office of Night Policeman.

Two changes in the appointments of city officials will probably be made by the council Friday night. The "dope" seems to be there will be a change in night policeman and city attorney. Mayor Robey and members of the council will hold a meeting some time before Friday night when the applicants will be considered and selections made.

There is some talk among the members of the council of doing away with the night policeman and letting the merchants' watchman do the work. There is practically no need of hiring a night man for police work, city authorities say, since the saloons have been voted out. Then it would mean a saving for the city.

Some of the members of the council favor combining the office of chief of police and street commissioner. The chief of police has no work to do, as the average arrests do not exceed four a month

By combining these two offices and also doing away with the night policeman, the city would save $1,000 a year.

Charles F. McCaffrey is mentioned as an applicant for city attorney.

E. J. Howland for city clerk, Dr. Karl Malotte for city physician, Burt Rowley for chief of fire department, Joseph Reese for engineer, M. I. Woods for street commissioner and the members of the fire department will be re-appointed.

Mayor Robey will also announce his committees.

WINS SECOND GOLD MEDAL

Lawrence Keeler, Successful Contestant in Miller Oratorical Contest at St. Mary's, Kan.

Lawrence Keeler, a senior at St. Mary's College, St. Mary's, Kan., was the winner of the gold medal in the Miller oratorical contest which was held at the college last Wednesday. His subject was, "The Triumph of Democracy," and he was awarded the medal by the unanimous vote of the judges. Six other contestants tried for the medal. The announcement of Mr. Keeler's success was made by Attorney General Brewster of Kansas.

Mrs. M. J. Keeler, who returned from St. Mary's Saturday spent the week with her son and heard the speakers in the contest.

This is the second gold medal that Mr. Keeler has won this year at the college. He was the winner of first place in the Harbaugh debate which is considered the most important literary event at the college. He will be graduated in June with a degree of A. B.

LEAVES FOR COLORADO

Russell E. Woodward, President of Spring H. S. Graduating Class, to Work on Parents' Farm.

Russell E. Woodward will leave this evening to join his parents, who moved to their new home in Colorado early this spring.

Woodward is president of the present graduating class and is a member of the High school track team. He has been a prominent figure in High school athletics for the past two years. During that time he has been a member of every athletic team representing the High school.

Woodward was also a contestant in the oratorical contest preliminaries this spring. He will receive his diploma under the ruling made by the school board that a boy may work on a farm and receive his credits the same as if he were at school. The High school students all like him and are sorry to see him leaving before commencement.

LARGE CROWD OF FRIENDS AND RELATIVES ATTEND LAST RITES

REV. MR. WILES' SERMON

Eulogizes Dead Man As True Christian, Whose Rule of Life Was God's Word.

A large crowd of the relatives and friends of former Senator Anderson Craig went to the First Baptist church at 2 o'clock yesterday afternoon to pay their last tribute to the man who had been such a prominent figure in Nodaway county and Missouri life for so many years. Exquisite flowers, the offerings of friends from far and near, half concealed the casket as it stood in the church during the services.

A quartet consisting of Mrs. F. P. Robinson, Mrs. Bruce Montgomery, Prof. P. O. Landon, and Dr. E. L. Harrington, with Miss Alice Porter as accompanist, sang several beautiful selections, and then the Rev. T. H. Wiles spoke a few consoling words on the life of Senator Craig.

Mr. Wiles took as his text: "To Live is Christ; to Die is Gain," words spoken by St. Paul. He showed how Mr. Craig had lived a Christian life and how he had subordinated all things to his aim of serving Jesus Christ.

"Every Christian man must have three things," said Mr. Wiles, 'an aim, a principle and a rule.' Senator Craig had all three of these. His aim was living for Christ; his principle was attaining the grace of God, and his rule was the word of God. He put the word of God above civil law, and carried this principle into all of his daily dealings with men."

The St. Joseph newspapers contained editorials in their Saturday issues commenting on the death of Senator Craig. They were as follows:

The death of Senator Anderson Craig at Maryville Thursday night removed a prominent figure in Northwest Missouri affairs. Senator Craig's activities in Nodaway county and his service in the State Legislature were alike important.—St. Joseph Gazette.

ANDERSON CRAIG.

The death of Anderson Craig removes a notable figure from public life in Northwest Missouri. He was one of those men to whom the people, irrespective of party, looked for leadership, and he never betrayed the confidence reposed in him. As a legislator, and as a member of boards charged with the control of state institutions, his career was marked by earnestness, fearlessness and an unfailing loyalty—but unlike many men in public office, he felt that his highest loyalty was to the state. He believed he could best serve his party by serving his state well.

He acted from no motives but the best, and his course never wavered. He was a character to remember with affection, and to mourn with deepest sorrow. His friends and those others who may profit by the inspiration of his career will be among the beneficiaries of Anderson Craig.—St. Joseph News-Press.

BUSINESS GIRLS' MEETING

Every Man, Woman and Child in Maryville Invited to Visit Club at High School Tonight.

Every man, woman, and child in Maryville will be welcome at the open meeting of the Business Girls which will be held at 7:30 o'clock this evening at the High School auditorium. The club has now been in existence about seven months and during that time a splendid growth and improvement has been shown. It is the desire of the business girls that all Maryville residents interested in the movement come to the meeting and become acquainted with the members of the organization and see their work.

A demonstration of the gymnasium work of the club will be given and then a musical program will be carried out.

Mrs. L. E. White will give a talk on the aims and purposes of the Business Girls' club. The patronesses will serve light refreshments.

URGE CANNING CLUB

MISS HETTIE ANTHONY ASKS AID OF COMMERCIAL CLUB.

WANTS CENTRAL STATION

Would Enable Housewives to Preserve Excess Garden Crops In A Sanitary Way

A Canning club is the latest "wrinkle" in the campaign for food conservation which is being carried on with so much energy and success in Maryville and Nodaway county. Miss Hettie Anthony and Miss Mae Orear attended the weekly luncheon of the Commercial club today for the purpose of putting the proposition of a Canning club for Maryville before the members of the Commercial Club.

The idea as presented by Miss Anthony is to enable housewives of Maryville to conserve their excess garden products for use during the winter season by the establishment of a central canning station where these foods may be preserved in a sanitary and hygienic way.

Miss Anthony, whose work includes not only the charge of the home economics classes at the State Normal school but also the teaching of the surgical dressings' instructors and of a war class in dietetics, feels that she has not the time to push this movement herself, but she said that if she could get the Maryville Commercial Club and the club women of the city to co-operate, she would be glad to help the movement with her experience and instruction

The canning feature of the food conservation campaign is being carried on with great success in some communities In Gentry county, many of the women have pledged themselves to grow and put up a certain number of cans of vegetables so that what they might buy from the merchants may go toward the general food supply The canning clubs have also been started in farming communities among the girls and are proving to be a great factor in interesting the future housewives in cooking and the care of the home.

The members of the Commercial Club at the luncheon were heartily in favor of the plan and recommended it to a committee consisting of Harvey L. Haines, H. L. Raines and Will Phares, which will look into the matter and report at the next meeting.

The club discussed the need of increased food production in general and expressed itself in favor of cooperating with the farmers in bringing Nodaway county production far above the average.

VISITING COMMITTEE HERE

Representatives of State Conference of Educational Institutions Examine State Normal Records.

A visiting committee from the State Conference of Educational Institutions spent Saturday at the State Normal school on an annual trip of inspection of the enrollment and extension department machinery of the institution. The members of the committee are: P. P. Calloway of Jefferson City, of the State Department of Education; Dr. J. H. Coursault, of the University of Missouri, and Prof. W. H. Zeigel of the State Normal school at Kirksville.

The committee inspected the school records, checked up the entrance requirements, the amount of work taken by each student, noted those taking excess work, and also examined thoroughly the extension system. The purpose of this checking up was to see if the Normal school was living up to the requirements made by the conference at the meeting last summer.

President Richardson expects the conference, which consists of the five State Normal schools and the University of Missouri, to have its annual meeting soon. At this meeting the conference will receive the report of the visiting committee and take up other matters of importance to the educational institutions of the state.

The members of the State conference are the presidents of the five normal schools and the preseident of the University of Missouri.

U. S. TANK SHIP SUNK

Lieutenant, Captain and Some of Crew of Vacuum Are Missing—Department Awaits Word.

Special to The Democrat-Forum.

London, April 30.—A United States tank ship has been sunk by a German submarine. It was armed and nine American gunners are reported missing in addition to the lieutenant and the captain of the ship. Some of the crew are also missing. It was sent down Saturday, bu t the announcement was not given out until today.

Washington, April 30.—Up to noon neither the state nor navy departments had received any word regarding the sinking of the Vacuum.

The chief mate and seventeen men including three United States gunners were landed. All of the men reported missing are said by survivors to be in one life boat.

WRIGHT FUNERAL SERVICES

The Rev. Cox Preaches on Text "A More Excellent Way," to Large Crowd of Mourners.

Mrs. Henry E. Wright was buried yesterday afternoon in Miriam cemetery. The services at the First Methodist church were conducted by the Rev. Gilbert S. Cox and a quartet consisting of Prof. H. B. Schuler, Mrs. Fred Robinson, Miss Dale Hulet and Mr. Parks, sang several songs, "Lead Kindly Light," "Beautiful Isle of Somewhere," and "I Need Thee Every Hour."

The sermon, preached by the Rev. Gilbert S. Cox, was heard by a large crowd of relatives and friends. Taking for his text, "A More Excellent Way," Mr. Cox spoke impressively of the life of service led by Mrs. Wright and uttered many words of consolation to the bereaved relatives.

BOMBARDED MANY TOWNS

Germans Also Shell Fortresses of Dunkirk, Nancy, and Bellworth —No Casualties Reported.

Special to The Democrat-Forum.

London, April 30.—"In a local operation between Monchry and Scarpe river east of Arras, we captured a few prisoners but improved our positions," declared the war office today regarding the new positions captured by the British Sunday. Attacks over a mile wide front were consolidated and lined up with old trench during night but the soldiers were compelled to work under a hail of shells from German guns.

French Fortress Bombarded.

Paris, April 30.—The French fortresses Dunkirk, Nancy and Belworth were bombarded by the Germans last night. There were no casualties and the damage was little. The towns of Chalons and Spornay were also bombarded but there were no casualties among the civilians. A German captive balloon was shot down Saturday night by the French. A violent big gun battle was fought north of Aisne river last night. The attempt by the Germans to attack was prevented by the French fire.

The Fern Theatre will close tonight and the extensive repairs on the exterior and interior of the building will be begun preparatory to the grand opening, May 7 .

The theatre was sold recently to George Yantis by Jim Braniger. Mr. Yantis has arranged for the re-decoration of the interior of the building by the capable artist, Mr. Syberkrop and will also see that the ventilation facilities are all that can be desired.

The theatre will open May 7 with a new and high class line of pictures and the patronage of the public will be welcomed.

PREFER SENATE CONSCRIPTION.

More Closely Meets Demands of Administration Than House Bill.

Washington, April 30.—The selective conscription bill passed by the senate much more closely meets the demand of the administration than the house bill, it was learned today following the visit by Secretary of War Baker to the White House. What steps will be taken to secure its adoption were not disclosed.

DRAW ARMY BY LOT

JURY WHEEL WILL BE USED IN SELECTING NAMES.

TRY ELECTION METHODS

Government Will Force the Registration of All Men Eligible for Service.

Since the selective draft bill has been passed, the question on the lips of everyone is: How shall the war department begin its gigantic task of drafting the men who shall form the first increment for the new army? The Kansas City Star prints an article which gives the provisions of the new bill and also tells how training will be carried on.

To put into effect conscription, the War Department will call on all the election machinery of the various states. Messages were sent out today to the states telling them to make ready for the big task ahead. The registration is to be done before the judges and clerks of election, just as on registration days or election day, except with this big difference—everyone will have to register within the required ages. And it may be said there also will be no repeating expected.

The final terms of the draft bill will be worked out in conference, but they provide for enlistments as follows.

1. The House bill says everyone between 21 and 40 must register on the day the President sets by proclamation. The Senate bill says between 21 and 27. Whichever way the bill is finally agreed to it is probable that only the first five years will be called to register at once by the President, so as not to encumber the registration rolls at the outset, although in that event everyone in the specified years must register eventually on the days set Whether a person may think himself exempt or not he must register for service and that will be decided later.

Divide ½ Million Among States.

2. After the registration days ½ million names will be called for the first quota. That number will be divided among the states and districts to be specified by the President according to the population, with allowance made for the number of young men that already have enlisted in the regular army, the national guard or navy.

3. The names will be drawn from the jury wheel by lots. There will be Class 1, Class 2, etc., by lot, the exact method to be worked out yet by the War Department. Everybody will have to take his chance in the drawing. After the drawing, then those whose names are drawn will have to be examined first for physical qualifications. Next the exemption lists will be applied. Then additional names will be drawn to make up the full quota required from that community, after the exemptions.

4. The exemptions are specified in the most general terms in the bill, but specific regulations will be made by the President which the local tribunals will have to follow, so that there will be no chance for favoritism. Substitution or buying off is prohibited. The general exemptions are:

Those not morally or physically fit; those members of a recognized religious sect or creed which forbids its members participating in war; ministers of the gospel; mail carriers; employees in navy yards, arsenals, or munition factories of the government, and persons in industries (the War Department will pass upon this), the operation of which are necessary to the military establishment such as

munition factories, etc. This also extends to persons the department finds necessary to agriculture as well.

Exemption Only for Service.

The regulations will be worked out in detail and announcement by the War Department. Persons exempted will be given a service button and papers to show they are a part of the industrial or agricultural service, but the exemption lasts only while they actually are needed. They might be called in for another drawing, if their necessity in industry or agriculture no longer existed. Persons where it is clearly shown will leave actual dependents behind also will be exempt under the rules to be laid down.

That is the way the new army of a half million will be raised and successive ½ million armies as they are needed and can be trained.

Will Fill Up Regular Army.

The War Department will begin next week a campaign of intensive recruiting to fill up the regular army and the existing units of the national guard. They have been holding back waiting to see what was done on the Army bill, but every effort will be made to fill these units at once in the next few weeks, as they must be trained thoroughly and as far as possible out of the way by the time the registration is completed and the drafted army of ½ million men summoned to the colors. It will take, with all the enlistments that have been made already, close to ½ million men to do this. The army needs these volunteers at once so that the units, filled to the war strength ,can be trained as finished regiments. At the present rate of enlistment, it will take a year to fill these units, but by intensifying the demand for recruits it is hoped the units will fill up rapidly.

IMPORTANCE OF THE NERVOUS SYSTEM.

The nervous system of the human body is a most delicate machine. It can stand only a certain amount of strain. When too big a load is put upon it, it must as surely fail as an engine will fail to do double its capacity.

Many people today are overworked. Many of those who do not overwork go to the other extreme and overplay. The result in either case is nervous breakdown. Can anything be done to remedy such a condition? Consult Dr. Prettyman, who has for more than twenty years made a specialty of the study of these conditions.

You can consult him free of charge at the Linville Hotel, Wednesday, May 2.

Look out for a heavy frost tonight. This is the word received by J. R. Brink, weather observer, and the warning to farmers of this locality has gone out from the weather bureau. While it is not expected that thi sfrost will be dangerous to the trees in blossom, owners of orchards will no doubt take every precaution to save the trees from damage.

The rainfall since last Thursday afternoon was 2.92 inches which was several hundredths greater than any reported in this section of Missouri.

DRUNK ON PATENT MEDICINE.

L. Williams Fined $20 for Over Indulgence in Hostetter's Bitters.

L. Williams, who said his home was in California and that he came to Maryville from St. Joseph, was arrested for being drunk and was fined $20 by Mayor Robey this morning. Williams said he had been drinking Hostetter's Bitters which was purchased from a local drug store. Being unable to pay the fine, Williams will work for the city.

OPENS BABY DEPARTMENT

Every Child Less Than 4 Years Old Will Receive Souvenir At Alderman-Yehle's This Week.

Alderman-Yehle Dry Goods company has entered thoroughly into the spirit of Baby Week, which begins tomorrow and has arranged a unique and attractive display of baby things for the tiny ones of Maryville. In fact, after Baby Week, the baby feature will become permanent in the store and a whole department will be devoted to baby's wants. Miss Mamie Johnson will have charge of the department.

A section in the west aisle of the store has been fitted up with show cases and shelves, all loaded with the things that will delight both mother and baby. Not only are the articles designed according to the latest work of experienced hygienists, but they are especially suited to the characteristics of the tiny tots.

For baby's pleasure, there are myriads of toys, all hygenic and practical. The rattles and balls of other days are there and in addition are shown the new floating toys, which delight the heart of the child.

For the little ones' comfort are displayed all sorts of toilet accessories, including combs and brushes, single or in sets. Then there are bibs, dresses, rompers, carriage robes and numerous other necessities, well-made and moderately priced.

During Baby Week, all little folk less than 4 years old, who come to the store will receive a beautiful souvenir of their visit. These souvenirs are done up in dainty boxes and will cause shrieks of delight from the babies. As to what are in the boxes —well, take the baby down to the store some day this week and get one of these attractive souvenirs.

County Clerk Receives Letter From Gardner Asking Information.

County Clerk Fred Yeomans received a letter today from Governor Gardner asking the name and postoffice address of the county physician, Dr. Frank Wallis is filling that place.

It is believed the information is desired for conscription purposes and that the county physicians may examine the men.

Mrs. Walter Ferree and children left Sunday for a visit at Malta, Mont.

KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Attended Library Meeting.

Miss Grace Langan of Maryville, was in St. Joseph Saturday, attending the meeting of the Northwest Missouri Librarians, which was held at the Central Library building. Miss Elizabeth Wales, of Jefferson City, had charge of the meeting.

Obituary.

Frank Grimit was born September 2, 1887, age 29 years, 7 months and 26 days after fighting an attack of the loathsome disease of tuberculosis, died last week. The end came at 3 o'clock Saturday morning. He united with the Christian church at Gaynor City in 1911. Just before he died he expressed himself and told the immediate family that he was ready and prepared to go. His father and mother, Mr. and Mrs. Floyd Grimit and four sisters have preceded him to the Great Beyond. He is survived by five brothers, Jess of St. Joseph, John of Pickering, Chester of Parnell, Alec and Bert of Hopkins.

The obsequies were held at the Dunkard church, two and one half miles west of Sheridan at 2 o'clock Sunday afternoon. The Rev. E. H. Hutchison of Pickering had charge of the services. The remains were laid to rest in a cemetery adjoining the church.

Peace comes after suffering,
Love is the reward of pain,
Though after earth comes heaven,
And our loss is gain.

CHINA TO ENTER WAR

Will Declare Hostilities Open in Fortnight at Least — Friendly to United States.

Special to The Democrat-Forum.

Peking, April 30.—A declaration of war against Germany by China is expected within a fortnight.

The special commission for international affairs designated by the government has advised that China enter the war. The question will go before parliament shortly.

The American minister, Dr. Paul Reinsch, held a reception at the legation today to twenty provisional military governors composing the military conference which recommended recently that China declare war. The governors were received with full military honors by the legation guard and were welcomed by Dr. Reinsch and prominent members of the American colony. The minister made an address congratulating the governors on evidences of co-operation in all parts of China and assured them that they had the best wishes of the United States.

Gen. Hsu-Shu-Chang responded for the governors, saying they realized the United States was China's best friend.

Miss Verna Aley is visiting with her parents, Mr. and Mrs. C. A. Aley of Pickering.

THE ONWARD MARCH of Bronchitis, and deep seated Coughs is arrested by Doctor Pierce's Golden Medical Discovery.

In those scrofulous conditions of the blood which invite Consumption; in severe, lingering Coughs, and Weak Lungs, which threaten you with this fatal disease, and when other help has failed —this medicine is a *proved* remedy.

As a blood-cleanser, strength-restorer, and tonic it is sure to benefit. In all lingering Bronchial and Throat affections, and in every disease that can be reached through the blood, it never fails to benefit or cure. In tablet or liquid form.

The machinery of the body needs to be well oiled, kept in good condition just as the automobile, steam engine or bicycle. Why should the human neglect his own machinery more than that of his horse or his engine? Yet most people do neglect themselves. Clean the system at least once a week with Dr. Pierce's Pleasant Pellets.

What Is Uric Acid?

Everyone has uric acid in the system, but naturally in small quantities. Excessive amount is caused by eating too much meat and foods that ferment in stomach. The kidneys, being the filters of the blood, are supposed to separate and throw the poisons out of the system. Weak, tired and overworked kidneys fail to do this, hence the uric acid accumulates and the urate salts are carried by the blood to the solid tissue structure, causing backache, lumbago, rheumatism, dropsy, drowsiness, and tired feeling.

To overcome the trouble is only a matter of toning up the kidneys, and this is best done by a treatment with Anuric, three times a day. Anuric is a recent discovery of Dr. Pierce of Buffalo, N. Y., and can be obtained at any drug store.

Experience taught Doctor Pierce that Anuric is a more powerful agent than lithia in dissolving uric acid, and it is then carried out of the system.

SICK WOMAN HAD CRYING SPELLS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Enhaut, Pa.—"I was all run down and weak inwardly. I had female troubles and nervous feelings and my head bothered me. I would often have crying spells and feel as if I was not safe. If I heard anyone coming I would run and lock the door so they would not see me. I tried several doctors and they did not help me so I said to my mother 'I guess I will have to die as there is no help for me.' She got me one of your little books and my husband said I should try one bottle. I stopped the doctor's medicine and took Lydia E. Pinkham's Vegetable Compound. It soon made a change in me and now I am strong and do all my work."—Mrs. AUGUSTUS BAUGHMAN, Box 86, Enhaut, Pa.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

War Time Prohibition Advocates to See the President Today.

Washington, April 30.—A determined effort to bring about national prohibition for the duration of the war will be launched here at a meeting of representatives of various political parties and of farmers' organizations including several state governors, who will seek to influence President Wilson and members of Congress.

Leaders in the movement have sent word that an interview with President Wilson on the question will be held but it was said at the White House that no engagement had been made. Wartime prohibition has been taken up by members of the Council of Defense as a possible way of conserving the grain supply of the Nation, but no conclusion has been reached.

SPELLED FOR THREE HOURS.

Sikeston, Mo., April 30.—In the annual spelling bee just held here, Myrtle Kenney, 14 years old, won the gold medal for the sixth, seventh and eighth grades. It required three hours to spell the little lady down. Lillian Shields captured the honors in the third, fourth and fifth grades contest. She spelled more than 2,000 words.

RENEW AX MURDER CASE

Another Chapter Added to Development of Villisca Case — Grand Jury Re-convenes.

Red Oak, Ia., April 27.—New developments in the ax murder investigation at Villisca have resulted in the reconvening of the Montgomery county grand jury, and a new gathering of the clans at Red Oak in connection with the crime which has kept Montgomery county stirred up for the past five years. There are reasons for believing that an attempt may be made to indict Detective J. M. Wilkerson.

Attorney General H. M. Havner and Special Assistant Faville are in Red Oak representing the interests of the state. Special Agent O. O. Rock is also in Red Oak.

Havner, Faville and Governor Harding were in conference for two hours last Wednesday afternoon, but the subject of the conversation was kept under cover.

The announcement of the signing of the bill passed by the legislature restraining private detectives from unwarranted activities in criticising public officials and arousing dissention followed closely upon the conference of Wednesday.

The bill was opposed by Wilkerson and a delegation of Montgomery county citizens asked the governor to veto the bill. It becomes a law immediately upon publication, and under it Wilkerson might be enjoined from further activities in Montgomery county.

Judge E. B. Woodruff is also at Red Oak and will receive any report the grand jury may make.

Whether the investigation now being conducted is aimed at, or is backed by Wilkerson, is yet to be demonstrated. There was considerable talk of indictment of Wilkerson and some of the witnesses in the recent Jones slander case on charges of perjury, following the recent grand jury investigation at Red Oak, which failed to return any indictments.

On the other hand, Wilkerson is said to have claimed to have new testimony to present in connection with the Moore crime.

Wilkerson, his attorney, W. E. Mitchell of Council Bluffs, County Attorney Wenstrand of Montgomery county and others interested in the Wilkerson activities went to Clarinda Wednesday for a conference with Judge Thomas S. Arthur. It was understood at Clarinda that Wilkerson desired the judge to be present for a reopening of the investigation before the Red Oak grand jury for next week. —Creston Daily Advertiser.

WOLVES GROWING TROUBLESOME

Butler, Mo., April 30.—Wolves are growing very troublesome east and south of Butler. Farmers in this district was taking every precaution to guard their sheep. There have been several wolf hunts lately, but thus far none of the beasts have been killed or captured. The latest depredation occurred the other night, when Ernest Black, who lives four miles east of Butler, found the carcasses of two of his finest sheep which had been killed and eaten by the wolves.
